

**Living Well. Moving Safely.
Growing Smart.**

Making Our Downtown a Unique Destination

**CENTRAL
AVENUE
IMPROVEMENTS**

Three-week Outlook Effective June 6, 2022

WELCOME BUSINESS OWNERS, RESIDENTS, AND VISITORS

The Central Avenue Improvements Project Team will provide this progress report so that you can stay up-to-date on what's happening in the project area and what could impact your travel in and around the area. Please feel free to share this information with your customers, clients, neighbors, and friends.

Please note: Pedestrian access will be maintained for all participating in the "Pardon Our Progress First Friday" event on June 3.

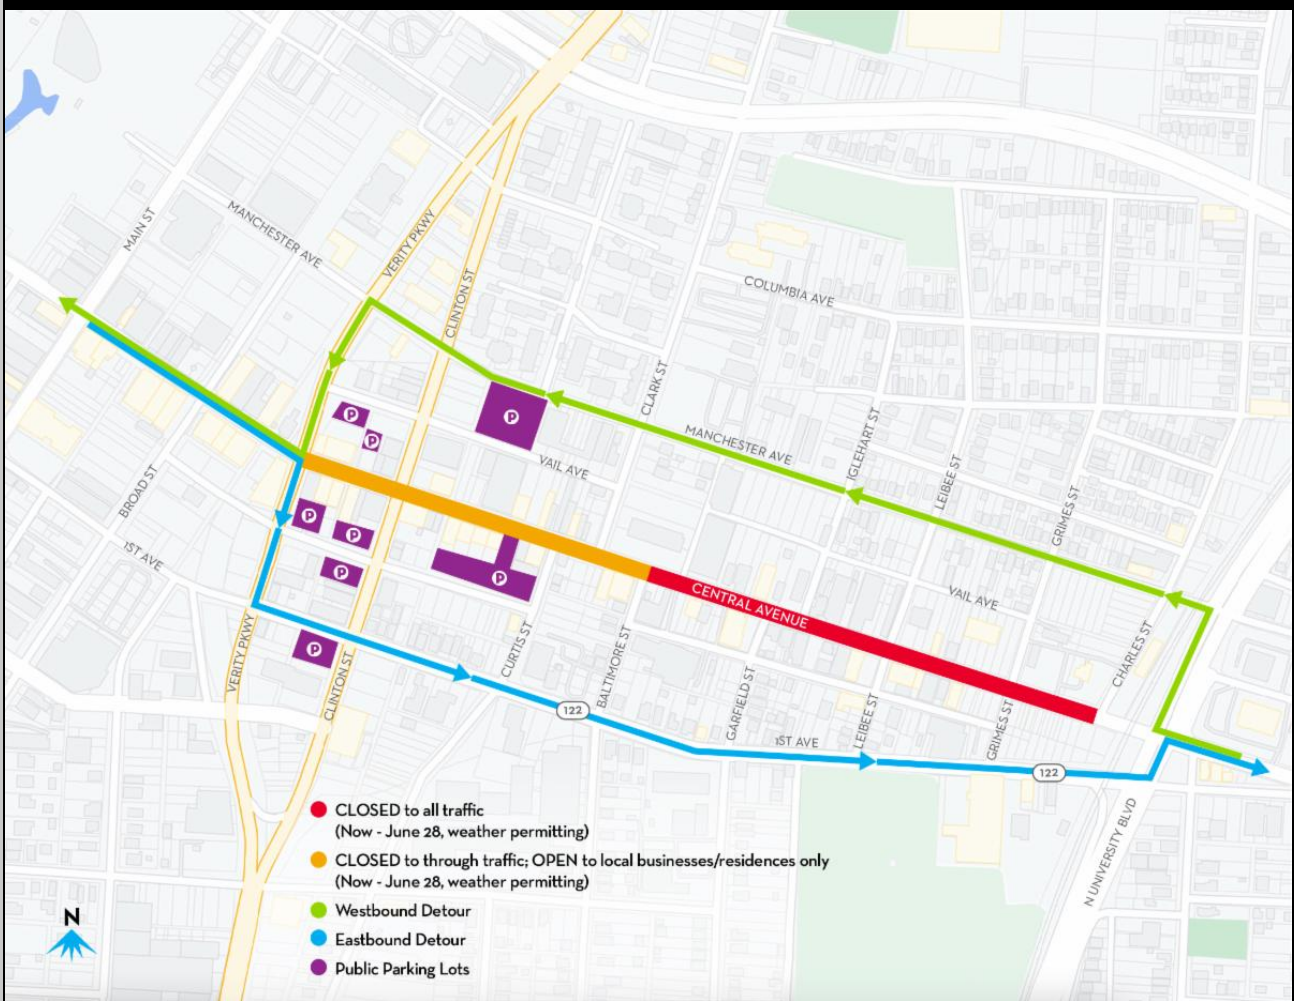

Scheduled Work (Weather Permitting)

- Install electrical conduit through intersections from Grimes to Garfield Street then moving block by block
- Remove pavement and excavate remaining ground from Grimes to Garfield Street then moving block by block
- Install drains at edge of pavement to keep water off roadway from Grimes to Leibee Street then moving block by block
- Install stone foundation in preparation of new pavement from Charles to Baltimore Street moving block by block
- Install new curb from Charles to Baltimore Street

Completed Work

- Installed storm sewers from Charles to Baltimore Street
- Installed road base material from Charles to Grimes Street
- Duke installed gas line from Grimes to Clinton Street and cut off old gas line from Charles to Baltimore Street
- Removed an additional portion of sidewalk from Charles to Baltimore Street

Impacts To Travel

- LOCAL access is OPEN for businesses and residents from Baltimore Street to Verity Parkway (now through June 28).
- NO THROUGH TRAFFIC is permitted from Charles Street to Verity Parkway (now until June 28).
- Central Avenue from Charles to Baltimore Street is CLOSED TO ALL TRAFFIC.
- Pedestrian access is OPEN throughout the project area.

The Central Avenue Improvements Project will make a generational transformation in the city's historic downtown district by revitalizing a key section of Central Avenue within the city's urban core. The project will modernize outdated infrastructure that will help attract and retain businesses and benefit residents and visitors of the downtown area for years to come.
